Subject: OSS Declassification Review

1. Action Requested: Your signature is requested on the attached letter to the Archivist of the United States giving notice of your decision to continue classification en bloc on OSS documents which have been reviewed and which will be described on standard forms to be attached to the letter to the Archivist. Some 2,500 individual forms are involved and we are therefore requesting your signature on the attached covering letter rather than on each separate form.

2. Background: The documents involved were reviewed by representatives of the Information and Privacy Staff and the DDO unit responsible for the review of OSS records. The documents requiring continued classification were found to contain detailed information on intelligence sources and methods. The documents have been randomly located in files held by the National Archives. Preparation and handling of the Standard Forms 325 was done as a courtesy for the reviewers by the Records Review Branch of ISAS.

3. Recommendation: I recommend that you sign the covering letter in lieu of Standard Forms 325.
